

# Revolution Intensive II: THE BATTLE OF CHARLESTON

Charleston is our third fact-finding mission as we continue our study of the life and times of Joseph Habersham. The Battle of Charleston was very significant during the Revolution. Our students have been researching possible locations to visit and building an itinerary. We will also use this opportunity to explore the area's rich natural flora and fauna.

Accommodations: We will be camping at Buck Hall Recreation Area in the Francis Marion National Forest. The campground is near Charleston and the Intracoastal Waterway. Campground address: 995 Buckhall Landing Rd, McClellanville, SC 29458
