PHONE: 706.968.5879

**PURPOSE:** We seek to offer opportunities for local kids to find local adventures by exploring nature, expanding community, and discovering a deeper sense of self awareness in a fun, interactive environment.

Items to bring everyday:

- Backpack or drawstring bag
- Lunch
- Water bottle
- Complete change of clothes
- Bathing suit
- Towel
- Any medications that are needed (please indicate on the registration form)
- Water shoes with a back strap or extra sneakers that can get wet

***Please do not send any cell phones, ear buds, or other electronic devices.*** They will not need them and we do not want to worry about them while we are catching critters, kayaking, zip-lining, etc.

If your child needs sunscreen and/or bug spray, please apply it before they arrive in the morning, and let us know if they need it reapplied during the day.

**ALL of our outdoor activities are rain or shine.** We follow a lightning safety protocol that is set, but other than that we are outside loving it.

In the event of an emergency or injury that is beyond first-aid, we will transport your child to the nearest emergency room. We will contact you to let you know what is happening. Katherine will accompany the child while Zac remains with the rest of the group.
